

IARWC PROJECT UPDATE

The Illinois Alluvial Regional Water Company MECO-Heneghan Engineers, LLC

The Illinois Alluvial Regional Water Company (IARWC) project is making headway as more community members sign their easement offers! The easements are the first stepping stone toward a reliable, safe water source for **35,000+ community members**. We'd like to thank everyone who has signed their easement and done their part to make the largest positive impact on our communities! As we continue to meet with landowners, we're happy to see such a positive response.

Unlike other utility companies, IARWC is a **not-for-profit** corporation organized as a local business. We're focused on people, not profit. This project uses local resources and gives us the local control. Alluvial will answer to you, not stockholders. By signing your easement offer, you're bringing us closer to establishing an affordable water source that will provide clean water to thousands of people.

Every landowner has a copy of their easement packet. If you didn't receive it, please contact us and we'd be happy to meet with you or mail it again. For more information about the project and easements, you're invited to attend one of our meetings next month. We hope to see you there!

UPCOMING MEETINGS

Come learn more and ask any questions you may have about the project and easements! All meetings start at 7 p.m.

June 5th:

Archer Building
101 First St, Shipman

June 6th:

Jersey County
Rural Water

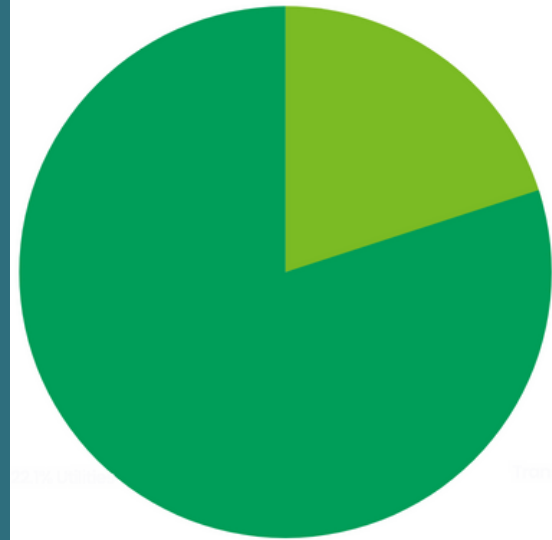

June 7th:

Bunker Hill
City Hall

June 8th:

Carlinville Public
Safety Center

WHAT'S UP WITH THE EASEMENTS?

signed: 21%

not signed: 79%

When you sign your easement offer, this means you'll allow IARWC to cross your land while building the water lines that will deliver clean water to over 35,000 people in our communities.

Our goal:

**100% signed by Jan 2024
so construction starts by
2025!**

SET UP YOUR APPOINTMENT TODAY!

We want to meet with you regarding the easement requested across your land and answer any questions you may have. Call 636-395-7055 to schedule a conversation with MECO-Heneghan Engineers, LLC.

Call 618-498-7708 or scan this QR code to contact IARWC and learn about their project!
